Many Cedarville graduates are outstanding in such fields as medicine, theology and law.

SUMMER SESSION

Summer School is designed for in-service teachers who need additional credits for certification and to qualify for salary increases. Refresher courses are available for former teachers.

Summer School also affords opportunity for degree students to shorten the time for completion of their work for graduation.

STUDENT LIFE

Student Government - All student activities are carried on under student leadership and planning with the advice of the Dean of the college. The Student Council is composed of an elected representative from each of the four classes together with the four class vice-presidents and a student council president elected from the student body by popular vote. Functions of the student council include planning for supervised assemblies, assisting in organizing a social calendar and presenting student problems to the administration. Election to this group is considered to be a distinct honor.

Musical Organizations - Musical activities are varied and many at Cedarville College. The college music department sponsors a choral society that performs at various school functions throughout the year. Students are encouraged to take part in trios, quartets and other musical groups. A band was organized last year which plays for sports events and special occasions. The Cedarville College Eight Plus is another musical and dramatic group with a varied program which is presented before high school assemblies and alumni groups.

Dramatics - Efforts along the Thespian line are directed toward the Dramatics Club. Besides offering plays for special occasions the club annually presents some Broadway success. "Dear Ruth" was the major offering for 1948-49. Students interested in dramatics are urged to participate in the club for the training they receive as members.

Fraternities and Sororities - Cedarville College believes in the high purposes and function of fraternities and sororities. Very definite rules regarding scholarship of members, pledging procedure, social functions and conduct of the Greek letter organizations have been set up and are enforced by the faculty. Each organization has a faculty sponsor. One national and two local Greek letter organizations are maintained at Cedarville.

Kappa Sigma Kappa, a national fraternity with some 20 chapters in colleges all over the United States maintains a chapter at Cedarville College designated as the Upsilon chapter. This fraternity was originated in 1867. The local chapter received its charter in May 1948. It is a very active group, meeting one evening a week with an extensive program in operation.

Chi Mu Delta, a local fraternity, was founded at Cedarville in 1946. It is the oldest fraternity on the campus. Meetings are held in Recreation Hall one evening a week. Chi Mu Delta sponsors social events during the year including an annual Halloween Benefit carnival and a Spring Formal Dance.

Chi Sigma Phi, a local sorority was organized in 1947. Besides holding meetings every two weeks the sorority sponsors social events during the college year which are well received.

Social Organizations - Social events are under the direct supervision of a faculty committee. A social calendar is set up for the year with each organization given equal opportunity for planning their events. Class parties, informal and formal dances together with other activities constitute this phase of college life. Students are encouraged to also take part in the social events of Cedarville's many church sponsored young people's groups.

DORMITORIES

Living quarters at Cedarville College are adequate in keeping with the financial needs of the student. A home like atmosphere is provided for men and women students. Three residence halls are maintained for the students. Harriman Hall is the residence hall for women. Each room houses several students. A commodious reception room is maintained. Rife Hall is one of the men's residence halls. Housing fifteen men, the rooms each accommodate three to four students. The new men's dormitory accommodates 70 students. Located to the north of Rife Hall on the campus it is complete with reception parlors and other essential equipment.

Students who live in the college dormitories are expected to provide their own bed linen, towels and personal effects.

Married students can be accommodated in Cedarville as long as facilities are available. The college does all that is humanly possible in getting available housing for married students but the college authorities assume no responsibility in guaranteeing housing. If a student has a trailer, the college has excellent facilities to accommodate trailer homes.
